Hi Janette,

Good morning! Thank you for the updates. Rebecca got me set up with a labor code, so I'm ready to start review when the report comes in.

Thanks,

Aaron King, P.E.

Hi Aaron and Lee. A couple of updates re: Rhone-Poulenc. One is that I'm expecting the pilot study report around May 15. I'm still hoping you both will review it. I plan to also, and I just realized that my much marked up work plan is in the office. Oh, well. Aaron – I notified Rebecca, the PM for the IA, that this work is coming up, so she is opening it up so you can charge.

The other news is that (b) (6). So, Charles and Will are still involved, and working on the pilot study report. No decision yet on (b) (6) but in the meantime the office manager, Kathleen Goodman, has taken over. (b) (6) (b) (6)

Janette

Hi Janette,

Good morning! I did see that in the progress report. I'll be ready to review the pilot study report when it comes in.

I'm doing well, also.

Regards,

Aaron King, P.E.

Hi Aaron and Lee. According to this progress report we might be getting the pilot study report mid-May. I just sent an email to John to remind him that we are indeed expecting the full detailed report not just some results (I felt the wording was not clear). I still would like both of you to review this report if you are available whenever it actually gets here.

I'm doing well and I hope you are too.

Regards,

Janette

Janette,

I hope you are staying healthy! John does not have email access so I am sending this progress report for him. Attached is the PDF of the March 2020 Monthly Progress Report for the Container Properties/Former Rhone-Poulenc Site. Hard copies will be mailed.

Please give me a call if you have any questions.

Best,

William Young
